How many sessions and how often do I need to come in?

The result and amount of sessions will differ from person to person depending on their hair thickness and color, ethnicity, hormones. 8-24 sessions is advisable. For desirable results, laser hair removal sessions must be done every 4-6 weeks until the hair has lessened significantly for less frequent sessions.

Please note disclaimer

Result may vary from patient to patient as other factors may affect the results such as medical history, age, hormones, skin color and hair thickness/colour.
